Our Wellington Place travel team, in association with **CityConnect**, have put together this walking route guide for walks around the City of Leeds.

The routes are easily accessible from Wellington Place, and can be carried out on your lunch break, after work or even on the weekend. Take your colleagues, friends or family on the walks and see the city's landmarks.

The map overleaf shows you three different walking routes you can take from Wellington Place, each of which is 2.5-3km long and takes on average 30-40 minutes to complete at an average walking pace.

If you have a route you would like to share with us, or if you have any questions about the routes given, then please email our Travel Plan Coordinator: emily.ingham@foreconsulting.co.uk

Walking routes

Waterways

A route taking in the Leeds to Liverpool canal. Those with keen eyes may spot otters, kingfishers and dragonflies!

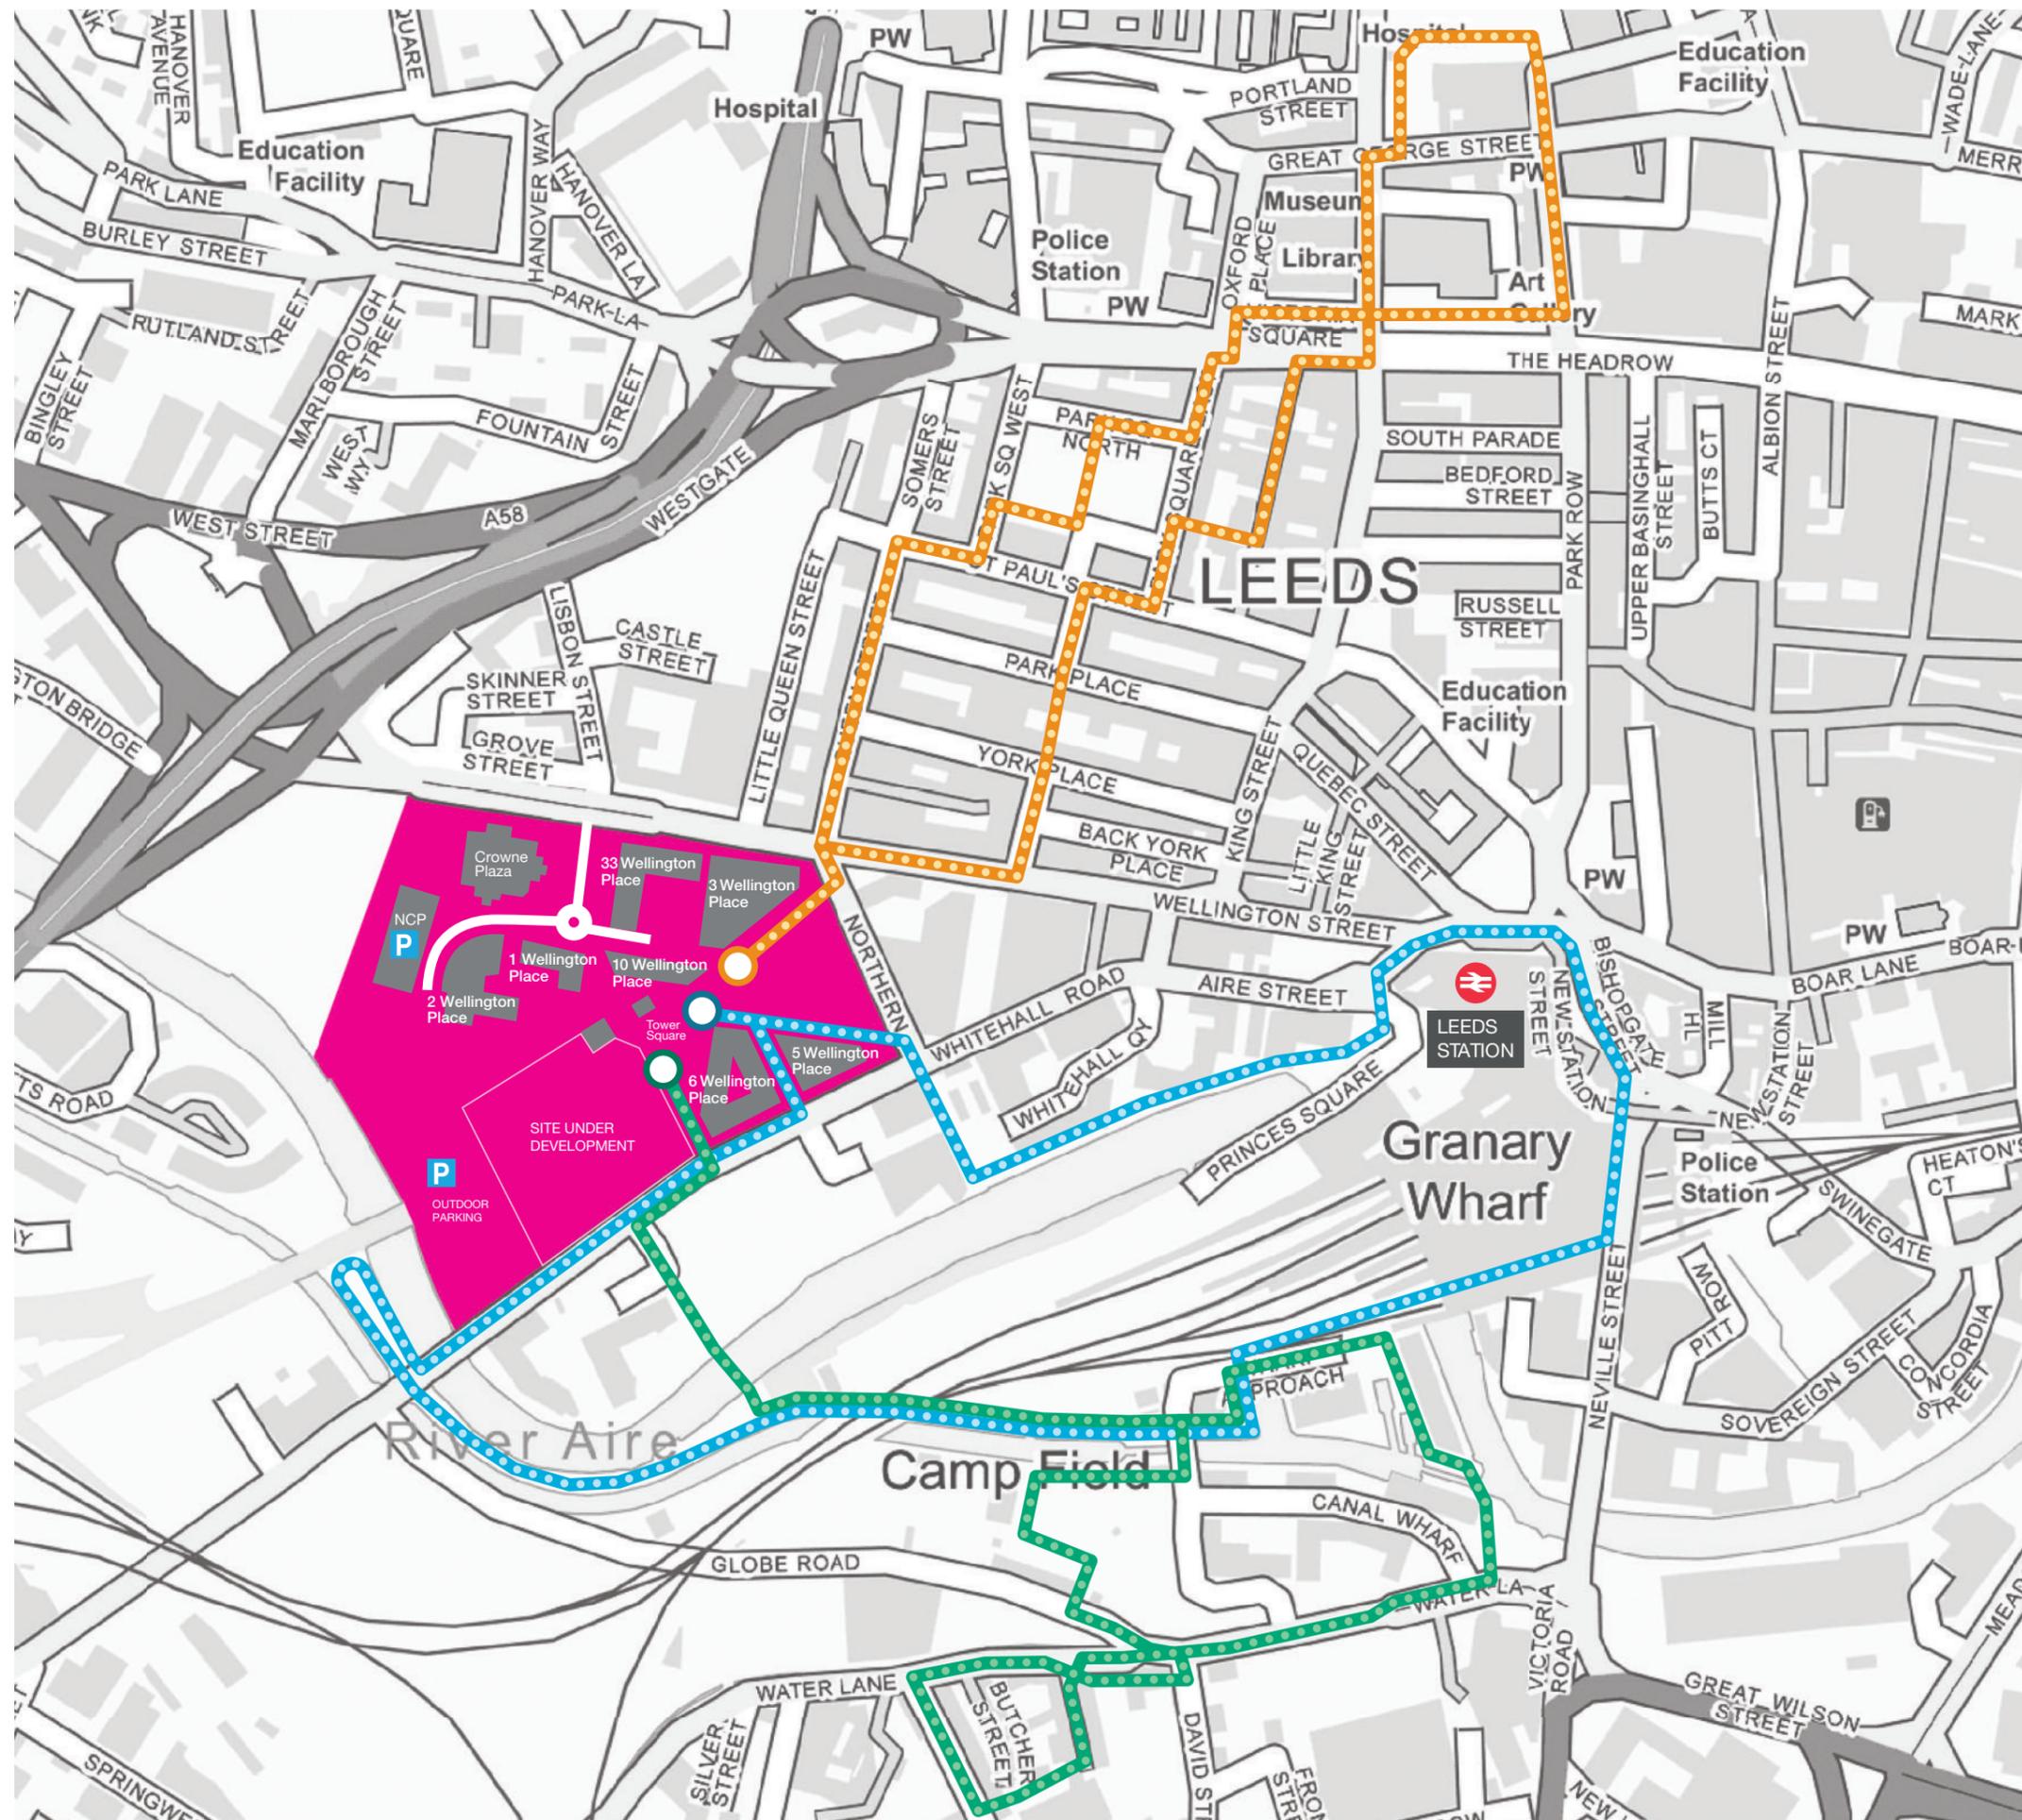

Civic Quarter

A walk via picturesque Park Square to the Town Hall, library, Henry Moore Institute and Leeds Art Gallery.

Southbank

A meander around the Holbeck regeneration area via Granary Wharf and the canal.

Each route is 2.5-3km long and will take on average 30-40 minutes to complete at an average walking pace.

Important note: These are suggested walking routes only. We have taken steps to ensure that this information is accurate as of the date of publishing (July 2018). However, we have no control over most of the land covered by the routes, which might include steps, uneven surfaces and other potential hazards. It is your responsibility to ensure, before setting out, that you have checked that all routes are open to the public and safe, and that you are fit, healthy and wearing appropriate footwear. We also suggest that you take particular care next to the canal and river and that you use controlled crossings where these are available.
